

## Wine List

Here at the Scarlet, wine is about unmediated flavours and cherishing a sense of place, without compromising environmental awareness. We support the smaller grower; many of the wines we have selected are a product of the happy marriage of indigenous grape varieties with respected vineyard sites, who favour a more sympathetic approach to cultivation and winemaking.

We have created a diverse list with a European focus. You'll find something to pair with each of *Head Chef, Craig Davies'* dishes. This focus allows for the exploration of the usual suspects and wherever we can I enjoy taking a step or two off the beaten track in search of the lesser-known. After all there is nothing better than enjoying exceptional food and wine in great company.

I hope that our list will inspire you to make fresh discoveries, or perhaps re-evaluate a variety or region you haven't considered for a while.

Enjoy!

## Champagne Palmer & Co

Champagne Palmer & Co was established in 1947 by seven grower families with prized cru and grand cru vineyards in Reims with the aim to produce exceptional Champagne. The first time I tasted this wine was in a blind tasting to select our house pour. I loved the elegant profile, purity and balance. This is evident across their portfolio. I was in no doubt this was the quality we were searching for.
